VERY SLIM

Option to fit in your pocket to keep out of the way of contamination zones

CARD HOLDER

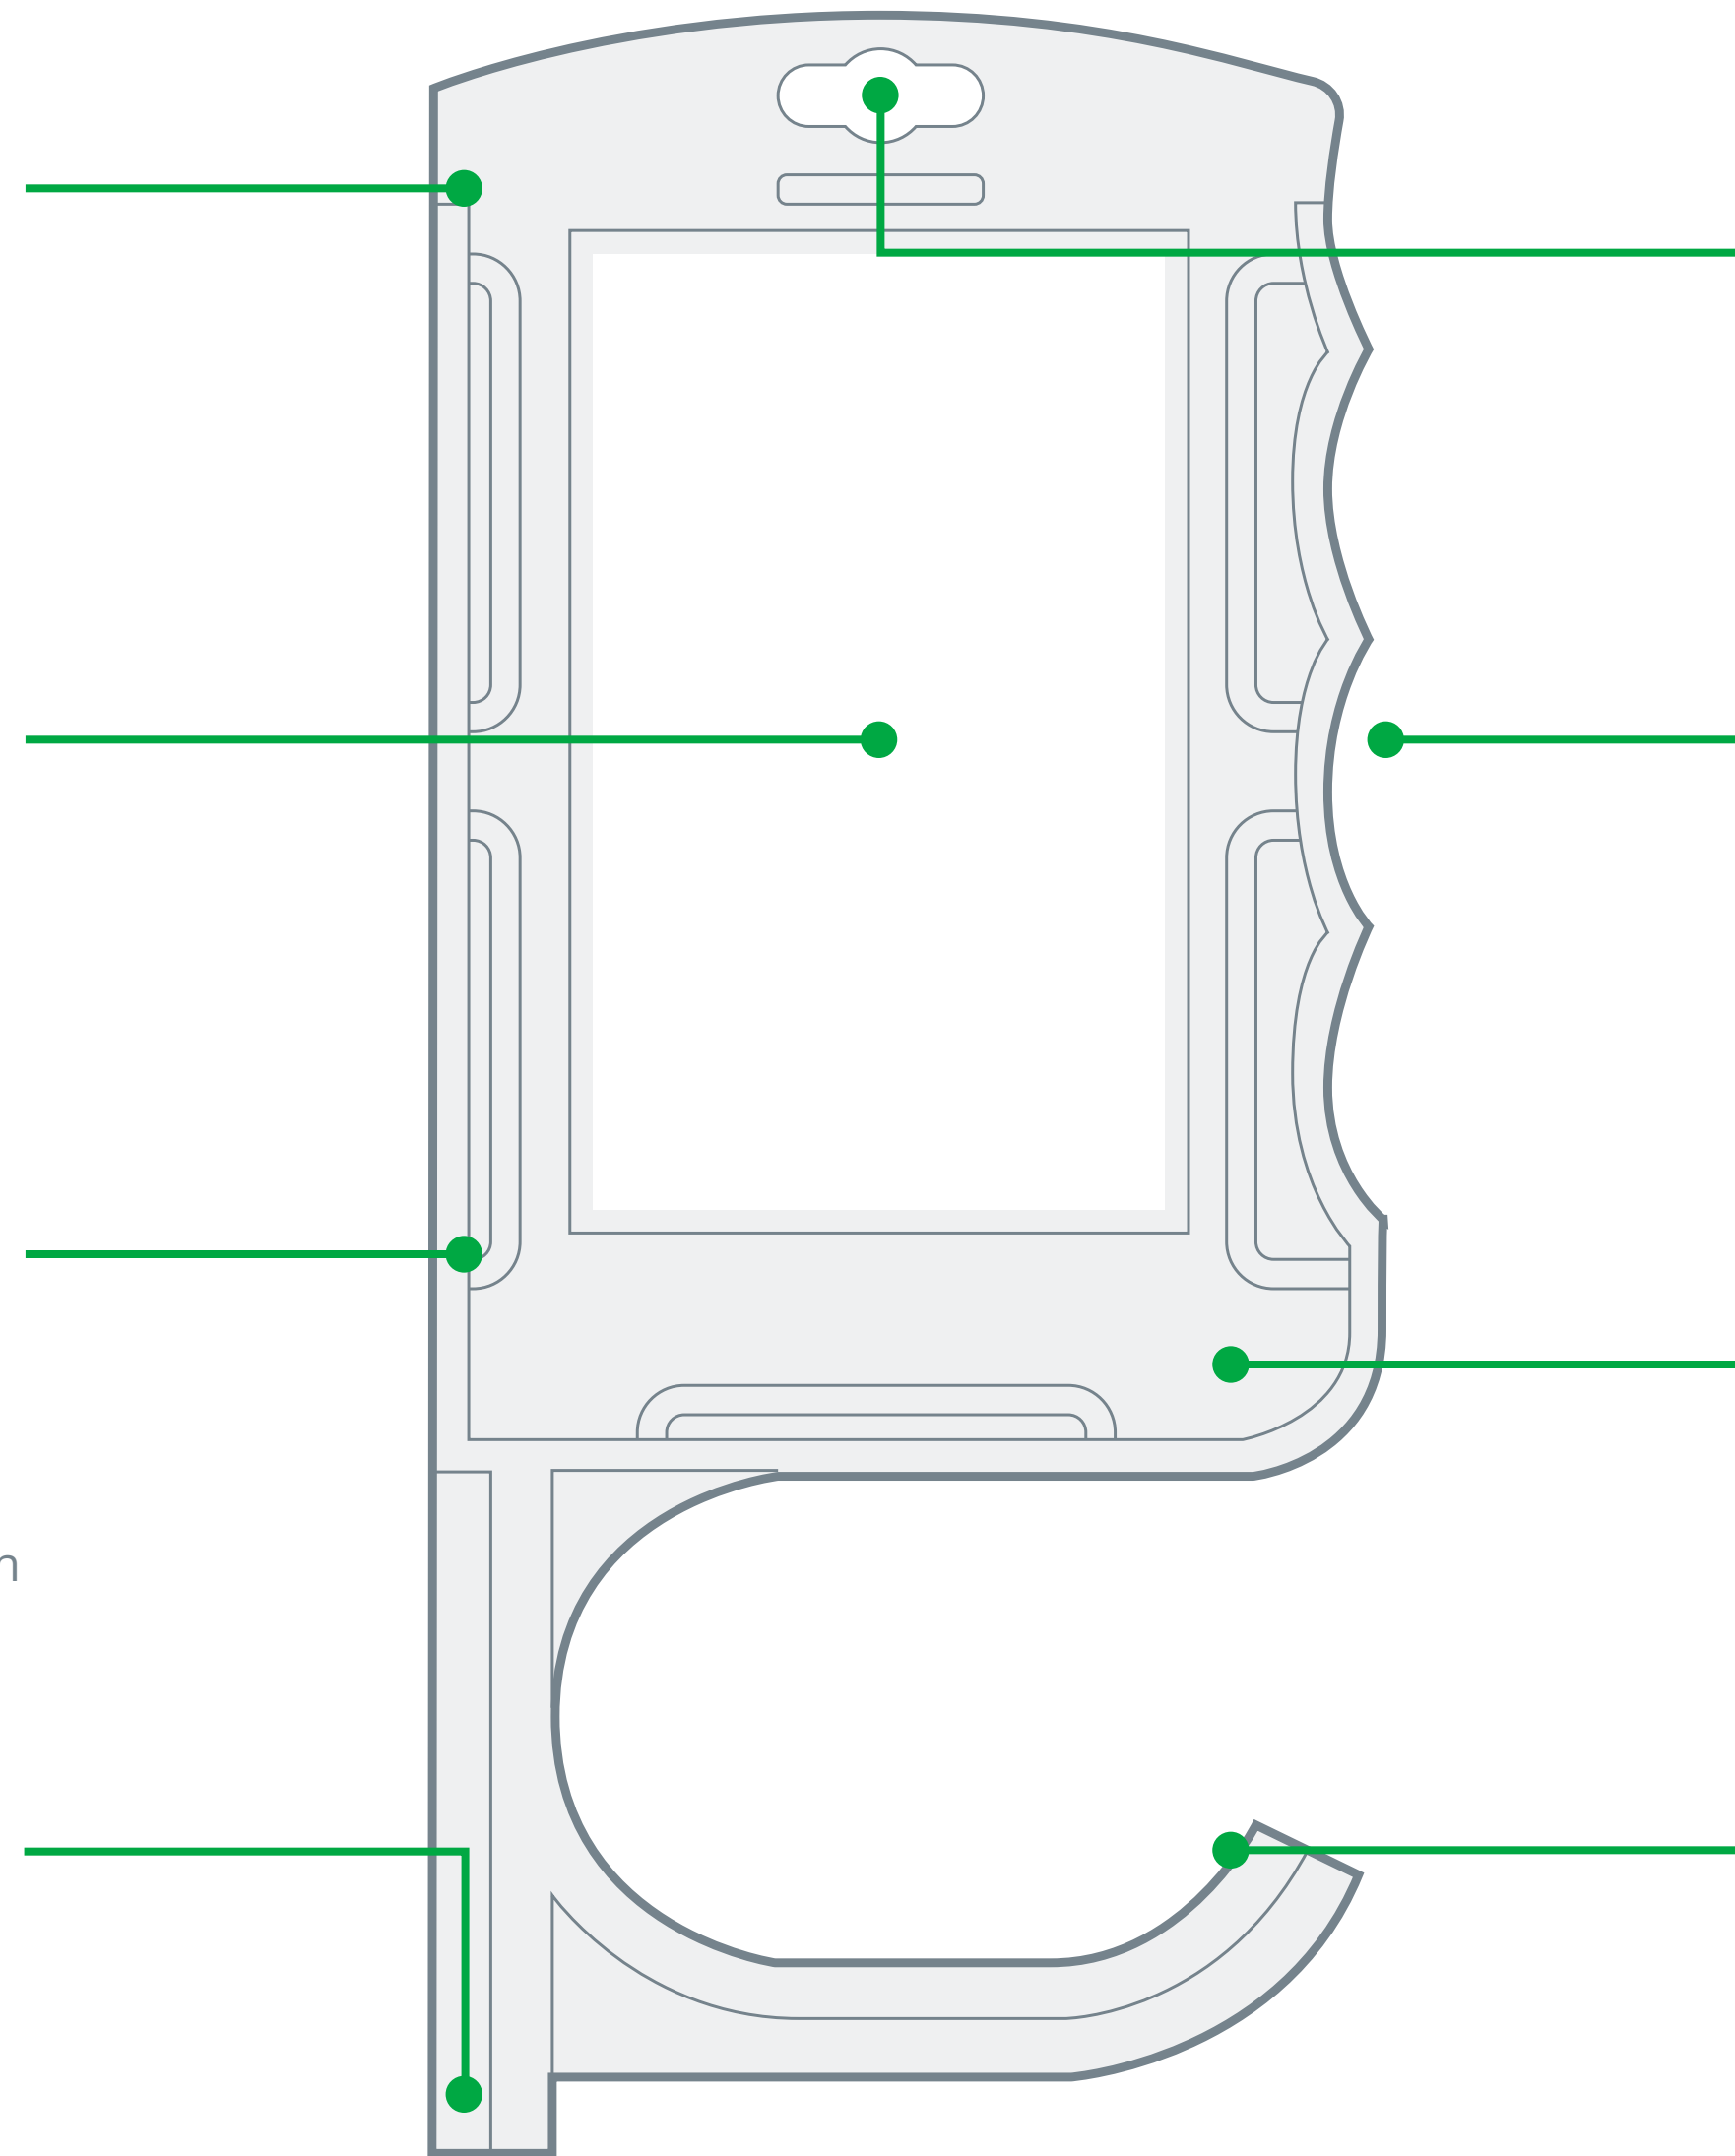

Holds existing staff ID card or access control card

ANTIMICROBIAL PROTECTION ACTIVE 24/7

Anti-microbial masterbatch has been tested to ISO 2219&2011 against common organisms such as: Campylobacter, E.coli, Listeria, MRSA, Pseudomonas, Salmonella and is proven to reduce the growth of these bacteria by up to 99.99%

PUSH BUTTON TOOL

Acts as finger to push lift buttons, car-park barriers, key pads and more.

MULTI-FUNCTION TETHERING POINT

Fits lanyards or retractable belt reel.

FINGER INDENTS

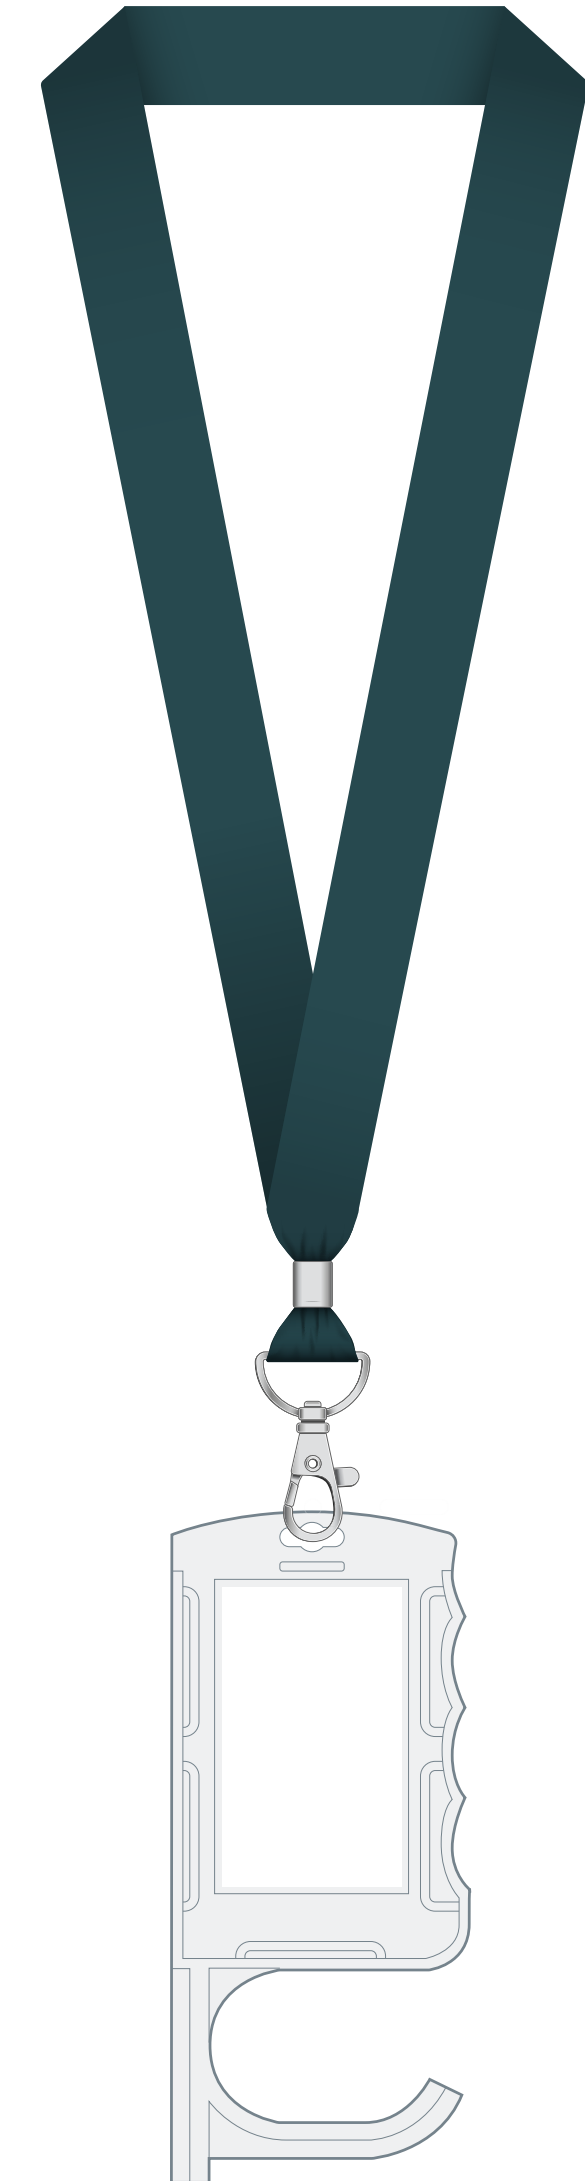

Improves Grip.

STRONG & DURABLE

High quality design means less force is required to open large / heavy doors.

DOOR PUSH/PULL HOOK

Hook is curved for pull and exit is clean and smooth for release.

Lanyard just for illustration purposes. Sold separately
